

DANIELSON AND PUTNAM NEWS

DANIELSON

The Connecticut Mills, one of Killingly's big tire fabric plants, is now operating at about 50 per cent of its normal capacity, a very material improvement from the complete suspension of business at the plant during the winter months. Some night work is included in what is being done at the plant, which had a payroll of approximately \$20,000 a week during the boom period. While the recent reduction in the price of finished automobile tires has again upset in some degree the tire fabric market, the situation on the whole is much improved over what it was a few months back. With the prospect of an early resumption of business at the Goolyear plant, the situation as pertains to textile plants in Killingly will be decidedly improved over what it was at the depth of the business slump.

Don't fail to attend the large consignment sale of groceries and provisions to be held at auction at Witter's auction rooms, 42 Main street, Saturday, June 11, at 1 o'clock p. m. and at 7 p. m. Estimated value of this enormous stock \$3,000—adv.

At St. James' church Monday morning at 10 o'clock Miss Josephine Lombardo, daughter of Mr. and Mrs. Joseph Lombardo, and Stephen Carroll of Worcester, Mass., were united in marriage by Rev. Charles P. DeBard. The attending couple were Miss Marie Girard and Louis Lombardo, both of this city. Following the marriage there was a reception at the home of the bride's parents. The marriage and reception were attended by many guests representative of this city and various surrounding towns and cities. After a wedding trip to Boston, Mr. and Mrs. Carroll will make their home in this city.

A well known business man stated Monday morning that the common council at its regular monthly meeting this (Tuesday) evening will be asked to take some action that will either entirely exclude or limit extensively the appearance of carnivals in Putnam. One carnival already has shown here this season, but action to check carnivals is a way of a week each. The proprietor of a local business who discussed carnivals Monday said it will be represented to the common council that the carnivals, which attract a great many people are injurious to the trade of local men in certain lines. It was said by this business man Monday that if the common council does not take action to check carnivals, the business at tonight's session relief will be sought through the action of the chamber of commerce.

Invitations have been received here for the wedding reception of Helen Wedderburn, daughter of Mr. and Mrs. James Wedderburn, and Sanford to go into the outlying districts of the town.

Danielson's Supply company is to leave here for Camp Devens next Sunday morning at 8 a. m. The company is now completely out of stock of many of its goods, and is expected to be back in a few days. The company is expected to be back in a few days. The company is expected to be back in a few days.

Members of the chamber of commerce are expected to turn out in numbers this evening for the meeting of the body scheduled to be held in the central fire station. A number of important matters will be up for consideration, including the matter of summer half-holidays, a series of public concerts on the park and other subjects of moment.

Mrs. Catherine McEntee, 70, wife of Peter Casey, died Sunday at their home at Danville Four Corners, where the family has been resident for many years. Mrs. Casey was a native of Ireland, became ill some time ago, but her condition was not considered serious until Saturday. Mrs. Casey leaves her husband, two sons, Frank, of Sweetwater, Tenn., John, of Killingly, and a daughter, Mrs. William Campbell, also of Killingly.

Monday afternoon the funeral of Claude Clinton Hamster, aged 18 days, son of Mr. and Mrs. Edward Hamster, was held from their home at Killingly Center. Burial was in St. Joseph's cemetery at Danville. Louis E. Kennedy being in charge of the funeral arrangements.

Grading for the state road being built between Hartford and Killingly has now progressed to the point that has brought the steam shovel into West Brooklyn, near Burnett's mill. This is within a short distance of the eastern end of the stretch of highway to be constructed. It is expected that at least 50 days were must elapse before this road, on which construction was begun last fall, will be completely ending a short and direct state road route to Williamstown and Hartford.

At the annual meeting and sale of the National Holstein-Friesian association held at Syracuse last week William R. Brown of the Shubert Hill farm at Waterman bought a thoroughbred bull which came to the sale from the Hollywood farm in the state of Washington. The animal, which is to be shipped east within a few days, is two years old and one of the best of his kind ever brought into this territory. Its value being about the same as an ordinary small herd of cattle.

Allen's carnival, the first attraction of its kind ever to show in Danielson, attracted a large number of people to the old Danielson Cotton company baseball field, south of Cottage street Monday. The carnival came here under the auspices of the Danielson Firemen's association.

This week will be marked by an effort in this territory to raise the fund that is required to carry out the Y. M. C. A. county work project. Organization for launching this work is complete. The amount required annually in the county will be about \$2,500 and an effort to secure pledges for this sum is under way. Killingly and Brooklyn's quota is \$1,500. Manufacturing concerns and individuals of means will be approached in the effort to secure the amount required. The work that it is intended to do through the Y. M. C. A. will bring benefits to this organization not only into the cities and other communities of the county, but also.

PUTNAM

At St. Mary's church Monday morning at 10 o'clock Miss Josephine Lombardo, daughter of Mr. and Mrs. Joseph Lombardo, and Stephen Carroll of Worcester, Mass., were united in marriage by Rev. Charles P. DeBard. The attending couple were Miss Marie Girard and Louis Lombardo, both of this city. Following the marriage there was a reception at the home of the bride's parents. The marriage and reception were attended by many guests representative of this city and various surrounding towns and cities. Boroughton Morse, at the home of the bride's parents, Sunset hill, Hampton, Saturday, June 25, at 12:30 o'clock.

Carl "Chaotic" Anderson is back in Putnam, after an absence of nine months, spent visiting at his old home in Sweden the land where, says a local man, he is a little better than the equivalent of \$1,000 each in United States dollars. Mr. Anderson, pleased to be back in Putnam, where he has been a resident for years and is well known, says business in Putnam is good in Sweden. Many factories are running on short time as there is a greatly reduced export business, on which Sweden largely depends for its prosperity. Mr. Anderson particularly mentioned one factory that turns out ball-bearings, which has laid off hundreds of men. Some shops are working only two days a week, notwithstanding that Sweden produces goods under a wage scale far lower than that prevailing in leading lines in the United States.

Mr. Anderson who, here in Putnam, devotes his time to a local repair shop, says that Swedish towns and cities are filled with American-made cars, though they cost buyers over there practically twice what one pays for the same car in America. About every popular make of American automobile is in use in numbers in Sweden—where gasoline costs approximately one dollar a gallon and motor oil is three dollars a gallon, against 90 cents to one dollar in the U. S. A. It costs so much money to ride in an automobile over there that machines are not near so numerous as they are in this country, where any motorist will tell you, for riding is so expensive that it does not absorb more than 50 per cent of one's income.

Two boys who came into this city over the main line of the New Haven road Saturday evening, riding in a handcar, went back to Boston Monday riding on the royal red push of a day coach. They had their fling, their day in court with all that implies, and were ready to leave the expense of irate, if still adoring, parents.

Civil court officials were merciful in disposing of the cases of Thomas McGraw and Harold DeBard, who respectively 14 and 15 years, Dorchester lads that seemed to realize only in an indifferent way that they had taken the risk not only of losing their own lives but as well the possibility of wrecking a train by stealing a handcar and running over lines from Thompson to Putnam.

Their chief punishment here Monday consisted of a string of lectures by prosecuting attorney E. C. Morse, who illustrated what waywardness may lead to by placing the boys in a cell at the police station for a time, and asking them to ponder over how it would seem to spend several years in such quarters. This seemed to impress them and they were agreed that they had better mend their ways.

Malcolm M. Willey, student at Columbia university, is at his home here to remain for the summer months.

Attorney Irving H. Miron, assistant to the clerk of the United States senate and a lecturer at Georgetown university, and Mrs. Miron are expected here during the present month to remain for the summer.

This week Thursday brings the first of the summer season half-holidays. The stores will close at noon for the day.

A letter received here Monday from John A. C. Warner, mentioned that he and Mrs. Warner have been visiting at Verdun, N. B. Rhelms and other sections of Verdun, France. Mr. Warner, son of John and Mrs. E. M. Warner, is in France on a government mission.

Attention is again being called to the speed—frequently as high as 25 miles per hour—that is made by heavily loaded motor vehicles of 5 ton capacity and over that are again being seen in increasing numbers on state highways in this part of the state.

Rev. J. J. Elty is making arrangements for the annual old day of the Sacred Heart parish at St. Thomas, of which he is the pastor, as well as of Holy Trinity church at Pomfret.

McDermott's Braves, which last out to the Pere Marquette K. of C. team, 4 to 1 Sunday, go to Norwich for next Sunday's game.

Grant A. Williams of Waterbury was a visitor with friends in this city Monday.

A carnival on the Tatum lot off Grove street attracted many Putnam people Monday evening.

The graduating class of Putnam High school will number 37 this year and the class will be graduated Thursday, June 23 the commencement exercises at the Victor theatre.

David Alcorn and family have left Thompson to make their home in Virginia.

Legislators who go out to Hartford from this city this morning will probably make their last trip for this session, as final adjournment of the general assembly is looked for this week.

Member of Dudley and Oxford granges will be at Thompson this (Tuesday) evening to attend a Neighbors' night session.

The Nightingale-Morse baseball team has a carnival planned for an evening of June and a parade is to be made a feature of the event.

Troop trains bearing Connecticut national guardsmen to Camp Devens will pass through this city Saturday and Sunday next.

A children's night program has been arranged for Thursday evening's meeting of Wolf Den grange of Abington.

Sunday afternoon on the new Main street grounds, the Nightingale-Morse team defeated the Bantams of Uxbridge, two to one. Uxbridge scored in the second when McLaughlin was brought in by Jacques' two-bagger. The Nightingales scored in the third when Benoit hit a two-bagger with Carey on second.

When the game promised to run into ten or eleven innings L'Hercen scored in the eighth for the locals on Nelson's sacrifice and Fautcher's single. Connover was very effective allowing, but scattered hits. Seven safe singles were scored off the southpaw. Vincent. The crowd was estimated at 1500.

Score by innings:

N. M. 0 0 1 0 0 0 0 1 2-2

Bantams 0 1 0 0 0 0 0 0-1

Two base hits Benoit, L'Hercen, Fautcher, Jacques, Gasthler; stolen bases, Benoit, L'Hercen, Gasthler, sacrifice hits, Benoit, Bouley, Nelson; double play, Bouley to Latur; left on bases.

Putnam 8; Uxbridge 4; hits off Connover 3; Vincent 5; umpire, Caisse. Time 1:40.

Both schools representing this city turned in victories Friday afternoon. The high school team went to Webster, and took what was promised to be a hard game to take, nine to six. In Putnam some time ago Putnam defeated the Webster school 7 to 5, by scoring three runs in the ninth.

The State Trade school nine walked away with the game played with the nine of Killingly High school on the local diamond.

The game looked rather doubtful until the fifth, when the traders rolled up nine runs.

Putnam suffered a defeat at the hands of the Taft school team of Waterbury on the latter's field, Saturday afternoon, eight to six.

Miss Nellie Bloxham, matron of the Day-Kimball hospital is spending two weeks in Montreal.

Ed Bruce and son Robert of Center street have returned from a visit in Montreal.

Putnam troop of Boy Scouts will not have a camp at Webster Lake this year as has been the custom for two years past. The tents have been scattered around the city among the boys, who sleep four or five in a tent, in all sections of the city. This is nearly as good as camping, according to the members of the troops who there isn't any water to go swimming in.

An overnight hike has been planned for Saturday of this week, the boys returning Sunday afternoon.

If you are roaming around in the woods some night all alone and see a camp fire with a lot of figures in uniform, don't have fears of an invasion, a bolshevik uprising or the mobilization of Uncle Sam's forces. You will find out if you look long enough that those around the fire are Boy Scouts. After this the meetings will be held in the woods. The boys will assemble at the high school and then proceed to some woods, roast marshmallows and inspect the business that usually comes up.

An interesting game of baseball was played on the high school grounds Saturday afternoon between the French River A. C. of Mechanville and the Hammond-Knowlton company of this city. The game seemed to be very one sided during the first half for in the fifth inning the visitors, aided by errors on the part of the locals and several good hits, more than halved around bringing in six scores. After this inning the locals tightened up, but could not overcome the lead of the visitors and the game ended with the score

What will You pay for Ice this year?

Butchers, market men, provision dealers, hotel men, every one that uses ice for refrigeration is asking that question.

And, nobody knows the answer.

There's only one solution—substitute an Automatic Refrigerating Plant for ice and let somebody else worry every Spring what his ice bill will be for the coming Summer.

Automatic Refrigeration is cheaper than ice, cleaner than ice and a hundred times more convenient. The saving over the cost of ice—even in a normal year—will soon pay for the plant.

If you have to have refrigeration in your business, get the figures and facts of Automatic Refrigeration. Write for a free copy of our 32-page illustrated booklet—"Automatic Refrigeration for Retail Markets", or call our local sales and service office.
